

## The Chalet

Your basic chalet that's not basic. The superior log home construction makes this model ideal for many situations. If you want it in the woods, on the seashore, or in a wooded subdivision in the suburbs, you've picked the right model.

A large open loft overlooking the dining room, and the expansive front deck are two key features of this design.

2 Bedrooms, Loft, 1 Bath—1,216 Sq. Ft.
